## **1. About the Imperial Society of Teachers of Dancing (ISTD)**

The Imperial Society of Teachers of Dancing (ISTD) is a registered educational charity and membership association. Our mission is to educate the public in the art of dancing in all its forms: to promote knowledge of dance; provide up-to-date techniques for members and maintain and improve teaching standards.

With approximately 6,000 members in over 55 countries worldwide, the Society conducts over 100,000 examinations each year. The Society aspires to be a world leader in dance education, setting the benchmark for best practice through our extensive syllabi and teacher training. We are committed to becoming a dynamic, future-focused organisation that promotes the social, cultural, physical, and educational benefits of dance for all.

## **2. Qualification purpose and aims**

The Fellowship is a higher teaching qualification that enables learners to evidence highly assured and advanced teaching skills, underpinned by detailed and accurate knowledge of the ISTD's graded syllabi up to Advanced 2 level.

The Fellowship qualification prepares teachers for working with students at the highest levels ensuring that they have the skills, knowledge and understanding to be able to appropriately support dancers who are in or training for the dance profession.

### **Employability skills/Transferable knowledge and skills for further training**

Fellowship holders can apply to become Examiners for all ISTD examinations including Advanced performance exams and teaching qualifications.

Successful completion of the Fellowship examination provides evidence to employers of the learner's knowledge of all levels of the ISTD syllabus and, also, of their ability to teach to students and professionals of all ages.

Critical analysis, mastery level teaching practice and originality of approach are key skills that enable Fellowship holders to demonstrate a deep understanding of teaching as a subject area, and these transferable skills can be used in a wide variety of settings, beyond the dance studio.

### **Target Learners**

The Fellowship is appropriate for dance teachers wishing to develop their career as a professional dance teacher.

Learners need to be at least 18 years of age to take the Fellowship examination and they should have significant experience of dance teaching.

### 3. Entry Requirements

#### Essential

Candidates must:

- a) have passed ISTD Advanced 2 in the chosen genre
- b) have passed the ISTD Licentiate in the chosen genre

\*Please note that Accreditation of Prior Learning (APEL) can be granted for either or both of the above conditions, if appropriate.

#### Recommended

It is recommended that learners have undertaken at least 5 years of consistent and independent dance teaching in the genre they take the Fellowship in.

### 4. Accreditation of Prior Experiential Learning (APEL)

The APEL scheme is designed to allow new entrants to access the ISTD's teaching qualifications at an appropriate level for their professional status. It takes account of professional experience and qualifications, in order to enable applicants to be granted exemption from usual entry requirements. Applications for APEL can be submitted at any point in the year.

APEL Applications are considered by an interview panel and submitted to the Qualifications Development Committee for final approval. Applicants are informed of the final decision in writing. A successful candidate will have three years from receipt of the approval letter to complete the qualification for which APEL was granted. After three years the candidate would need to reapply through this process.

## 9. Quality Assurance

Quality assurance is a set of policies and procedures the Society have in place to ensure that our examinations and assessments are inclusive and accessible, and students completing our qualifications are issued a fair grade based on their performance.

Our quality assurance processes are there to safeguard the integrity of our qualifications by ensuring that high standards are always delivered. The detailed information about the quality assurance of our qualifications and the related policies can be found at [www.istd.org/quality-assurance](http://www.istd.org/quality-assurance).

For further guidance please contact the Quality Assurance department at [csqa@istd.org](mailto:csqa@istd.org).

### Inclusivity and accessibility of assessments

The Imperial Society of Teachers of Dancing is fully committed to promoting an environment where all individuals are encouraged to achieve their full potential and develop their skills in dance and in examinations and we encourage teachers to maintain an open approach towards the different abilities offered by all their students.

### Reasonable Adjustment

We are committed to providing fair access to our assessments for candidates with specific needs by putting in place access arrangements and reasonable adjustments. A reasonable adjustment is a process that take place before a learner takes an assessment. It ensures that they have fair access to demonstrate the requirements of the assessments taking into account the needs of individual learners. However, it would also not be deemed reasonable to make changes to assessment standards or requirements as this would undermine the effectiveness of the qualification in providing a reliable indicator of the knowledge, skills and understanding of the candidate.

### Special Consideration

Special consideration is given after an assessment has taken place for learners who have been affected by adverse circumstances. The Society has a process in place for special consideration for candidates who participated in an examination but may have been disadvantaged by temporary illness, injury or indisposition, or adverse circumstances which arose immediately before or during the examination.

### Enquiries and appeals about results

The Society endorses the principle of the right to enquire about a result awarded to a candidate. If a teacher has genuine cause to believe that the result cannot possibly be correct, the teacher can appeal within the published timescales outlined in the Enquiries and Appeals About Results Policy. We ensure that enquiries are dealt with swiftly and fairly within the specified timescales.

### Malpractice

Malpractice refers to acts that undermine the integrity and validity of assessment, the certification of qualifications, and/or actions that may damage the authority of those responsible for delivering the assessment and certification. We take any form of malpractice very seriously. Registered Members and candidates must follow the requirements set out in this specification, exam regulations and all other ISTD policies about the delivery of our exams. In cases where Registered Members or candidates have committed malpractice, a sanction or penalty may be given

## **10. Awarding and Certification**

Quality Assurance will issue learner results and certificates direct to the primary organiser unless requested otherwise. All learners will be issued with a report sheet containing the marks for each component; successful candidates also receive a certificate that shows the qualification title as well as the subject and level that they have been examined in. We aim to release results and issue the qualification documents in line with the schedules on our Customer Service Policy on our website.
