ISTD IMPERIAL CLASSICAL BALLET DANCE EXAMINATIONS

CLASS EXAMINATIONS

INTRODUCTION

RATIONALE

The aim of Imperial Ballet Class Examinations is to provide an assessment scheme for dance, which gives the basis for the measurement of the individual candidate's progress and development. The Class Examinations can also be used in conjunction with the Graded Examinations to allow consolidation of technique before embarking on the next grade. This is especially beneficial for the more demanding higher grades where greater strength and maturity are required.

AIMS

- To educate by providing a progressive awareness of the culture and technique of Classical Ballet through a graded programme of training and assessment
- To provide a form of physical training that is safe, working both sides of the body evenly, alongside the development of artistic and musical appreciation
- To provide a structured examination system that can be followed by children who are studying Classical Ballet primarily as a recreational pursuit. However, this does not preclude the child who wishes to progress to vocational training in Classical Ballet and other theatrical dance forms

OBJECTIVES The objectives of the Imperial Class Examinations are:

- A sense of performance which incorporates a suitable awareness of style and expression
- Use of space in relation to the other members of the group and the dance area available
- Rhythmic awareness and a suitable interpretation of the musical qualities
- Correct alignment and placing of the body to the best of the individual physical facility
- Appropriate use of limbs, with an understanding of the purpose of each exercise, thus developing motor skills
- Sense of line and co-ordination of movement
- An appreciation of artistry, both in own movement and that of others
- Consideration and respect
- Creativity within a disciplined environment

ENTRY CONDITIONS AND GENERAL INFORMATION

The following are the recommended minimum ages for entry of candidates in order to ensure they can meet the physical demands of the syllabus. There is no upper age limit.

Pre-Primary	5 years
Primary	5 years
1	6 years
2	7 years
3 - 6	8 years
7 - 8	13 years

Teachers are expected to present the work to the children in the examination room. The order of the syllabus should be reasonably adhered to. Every child must have her number pinned to his or her dress or leotard.

Teachers should note that the following time allowances include a five minute writing period for the examiner therefore the syllabus demonstration must be completed five minutes before the time allowance given. Candidates should be entered in groups of four where possible. In exceptional circumstances a group of five is permitted. There is no minimum number of candidates at any level and teachers who have only one or two candidates may enter them for these examinations.

Class Examinations	1 or 2 candidates	3 & 4 candidates	5 candidates
Pre- Primary, Primary & 1	25 mins	30 mins	30 mins
2/3 & 4	35 mins	40 mins	40 mins
5 & 6	40 mins	45mins	45 mins
7 & 8	30 mins	35 mins (3 candidates max.)	N/A

The teacher should be in the examination studio with them and give all the necessary instructions. Each child will receive an individual report and result which will reflect their own achievement gained. The examination structure contains, apart from the mainly classically based work, a group mime, enchaînements danced ensemble and character work again danced ensemble; these sections promote an awareness of working together as a performance unit, showing consideration to fellow members in the group. Class Examinations 7 and 8 are examined in groups of a maximum of three, with the teacher no longer present as the examiner conducts the examination. The teacher will conduct the examination and introduce each candidate by name to the examiner. The order of the syllabus should be reasonably adhered to. The teacher may conduct the examination in the candidates' own language. In Class Examinations 5 and 6 the teacher has the choice of conducting the examination or requesting that the examination is conducted by the examiner. In Class Examinations 7 and 8 the examination will be conducted by the Examiner.

Each candidate will wear a number on the front of their leotard and stand with the lowest number to the Examiner's left

The teacher should adapt the syllabus work for male candidates.

MUSICAL ACCOMPANIMENT

Teachers entering candidates must provide their own pianist or a CD maybe used. Set music must be used in the examination.

DRESS REQUIREMENTS

No make-up is permitted for candidates entering Pre-Primary to Class Examination 6 inclusive. Hair should be suitably groomed for classical ballet. No jewellery may be worn. Although marks are not awarded for grooming, it is considered to be an essential part of training and can only help the dancers to feel correctly prepared for their work. A Uniform Guideline is available from the Faculty Secretary.

METHOD OF ASSESSMENT

The Class Examinations are assessed externally by visiting examiners recruited and trained by the ISTD. The titles of the components and the marks attainable are detailed above.

Pre-Primary to Class Examination 6 are divided into Sections and each Section is composed of several components which are separately assessed and aggregated to give the Section total.

Candidates must gain at least 25% of the marks attainable in each Section in order to pass the examination overall. In cases where 25% of the marks attainable does not come to a round figure, eg 12½, the pass mark for the Sections is lowered to the nearest round figure, in this example, 12.

The Section totals are aggregated and the overall mark is given out of 100. If all Sections are passed, then the overall result is indicated as below.

Class Examinations 7 and 8 have 5 individual components aggregated and the overall mark is given out of 100.

The overall result for all Class Examinations is indicated as follows:

Grade	Marks
Distinction	80-100 marks
Merit	60-79 marks
Pass	40-59 marks
Not Attained	0-39 marks

ASSESSMENT GUIDANCE

Candidates are assessed on their ability to show:

- A sense of performance which incorporates a suitable awareness of style, expression and enjoyment
- Use of space in relation to other members of the group and the dance area available
- A rhythmic awareness and a suitable interpretation of the musical qualities
- An understanding of correct stance and placement with an application of classical technique

GRADED EXAMINATIONS IN DANCE

INTRODUCTION

RATIONALE

Imperial Classical Ballet makes a distinctive contribution to the education of all students, through using movement, which is one of the fundamental modes of human expression. It offers a range of learning opportunities and enables participants to enjoy physical expression as well as develop intellectual sensibilities. As they work together in Imperial Classical Ballet, candidates learn about co-operation and develop an understanding of the shaping of movement into artistic forms of expression.

Candidates develop the skill and understanding of Imperial Classical Ballet, at the same time as building a sound technique, by developing the physical ability to communicate through movement in an expressive and artistic way.

A clearly defined structure allows learning to take place in the context of safe dance practice. The Graded Examinations build up progressively, ensuring that steps and skills learned at lower levels prepare for more complex movements as the candidate progresses.

Also, a range of transfers to other dance genres becomes possible as the candidate develops physically and learns common skills such as running, use of arms, posture, timing and rhythmic awareness. In this way, with additional teaching input, the candidate is able to develop a broad base of dancing skills.

Following on from the Graded Examinations, candidates may wish to progress to the Vocational Graded Examinations as preparation for employment as a professional dancer or as preparation for dance teaching qualifications.

The Graded Examinations in Imperial Classical Ballet also allow for those participating solely for recreational purposes to produce quality work in a safe dance context.

AIMS

The aim of Graded Examinations is to provide an assessment scheme for dance, which gives the basis for the measurement of the individual candidate's progress and development, whether the candidate is pursuing dance as a leisure activity or as preparation for a professional career as a dance teacher or performer. There are six practical examination grades, numbered from 1 to 6, in order to indicate the increasing order of difficulty (6 represents the highest level of attainment).

OBJECTIVES

The objectives of the Imperial Classical Ballet graded examination syllabus are set out below:

- Educate by providing a progressive awareness of the culture and technique of Imperial Classical Ballet through a graded programme of training and assessment
- Provide a form of physical training that is safe, working both sides of the body evenly, alongside the development of musical and artistic appreciation

ENTRY CONDITIONS AND GENERAL INFORMATION

AGE LIMITS

The following are the recommended minimum ages for entry of candidates in order to ensure they can meet the physical demands of the syllabus. There are no upper age limits.

Examination	Age limits
Primary	6 years
Grade 1	7 years
Grade 2	7 years
Grade 3	7 years
Grade 4	9 years
Grade 5	9 years
Grade 6	11 years

PRIOR LEARNING

The Graded Examinations in Imperial Classical Ballet are intended to be taken consecutively and most candidates will wish to progress through them in sequence in order to develop and demonstrate the requisite skills. However, in cases where examinations are undertaken without success at the previous grade, the candidate needs to be at an appropriate level of physical and artistic development. Before a candidate enrolls in a class leading to a Graded Examination, teachers are under a particular duty, therefore, to assess the achievement of the candidate, particularly with regard to safe dance practice.

GENDER DISTINCTIONS

Those dancing the male and female syllabus may be examined together at all Grade levels.

The syllabus is suitable for both male and female candidates as it is designed to develop all-round strengths and abilities. There are some separate exercises for males and females that are intended to develop the differing physical strengths and capabilities **to the advantage of** the gender, and are not intended to limit opportunities for access. Such variations are designed within the context industry needs and in particular, health and safety in dance. It is therefore advisable for candidates to follow the relevant syllabi where available.

TIME ALLOWANCES/NUMBER OF CANDIDATES

Candidates should be entered in pairs. Where an odd number of candidates are involved, the extra candidate should be entered with a pair, thereby making a group of three.

	1 or 2 candidates	3 candidates
Primary and Grade 1	20 minutes	25 minutes
Grade 2	30 minutes	35 minutes
Grade 3	35 minutes	40 minutes
Grade 4	40 minutes	45 minutes
Grade 5	45 minutes	50 minutes
Grade 6	55 minutes	60 minutes

If there is a mix of those dancing the male and female syllabi, then an additional time allowance of 5 mins for Grade 4 and 10 mins for Grade 5 & 6 should be made to the timetable.

MUSICAL ACCOMPANIMENT

A pianist or the set CDs may be used for all Graded examinations. The set dances may be performed with live piano or CD.

METHOD OF ASSESSMENT

Graded Examinations are assessed externally by visiting examiners recruited and trained by the ISTD.

The examinations are divided into Sections and each Section is composed of several components which are separately assessed and aggregated to give the Section total.

Candidates must gain at least 25% of the marks attainable in each Section in order to pass the examination overall. In cases where 25% of the marks attainable does not come to a round figure, eg 12½, the pass mark for the Sections is lowered to the nearest round figure, in this example, 12.

The Section totals are aggregated and the overall mark is given out of 100. If all Sections are passed, then the overall result is indicated as follows:

Grade	Marks
Distinction	80-100 marks
Merit	60-79 marks
Pass	40-59 marks
Not Attained	00-39 marks

However, if the candidate is unsuccessful in one or more Sections, as explained above, the total mark given out of 100 will not correspond to the result indicators in the chart. In this circumstance, whatever the overall numerical mark may be, the result given will be Not Attained.

CLASSIFICATION OF RESULTS

The principle of best fit is applied in deciding the appropriate classification for each candidate. It is not to be expected that a candidate in a particular category will necessarily demonstrate all of the characteristics listed in that category.

A candidate who achieves a '**Distinction**' classification (80-100 marks) is one who demonstrates the following attributes in performance:

- flair, vitality and skill
- fully appropriate style
- incisively-focussed dancing
- precision in the technique of the genre
- consistent, highly developed musicality
- confident and accurate responses to questions asked and/or tasks set

A candidate who achieves a '**Merit**' classification (60-79 marks) is one who demonstrates the following attributes in performance:

- skill and proficiency
- largely appropriate style
- focussed dancing
- competence in the technique of the genre

- evidence of developing musicality
- relevant and appropriate responses to questions asked and/or tasks set

A candidate who achieves a '**Pass**' classification (40-59 marks) is one who demonstrates the following attributes in performance:

- competence
- basic ability to carry out the required movements
- periodic moments of convincing focus
- basic competence in most aspects of the technique of the genre
- basic musicality
- broadly relevant and appropriate response to questions asked and/or tasks set, but some prompting may be required

A candidate who achieves an insufficient level of achievement '**Not Attained**' classification (00-39 marks) is one who has not yet demonstrated attributes required to gain at least a 'Pass' classification

ASSESSMENT GUIDANCE

Candidates are assessed on their ability to show

- technical accuracy with correct placement to the best of their physical facility

- a sense of line and well co-ordinated movements
- an assured performance showing the different qualities of movement required by each section of the examination structure
- musicality and rhythmic awareness

VOCATIONAL GRADED EXAMINATIONS IN DANCE

INTRODUCTION

RATIONALE

The Vocational Graded Examinations in Imperial Classical Ballet, from Intermediate Foundation through to Advanced 2, develop the candidate's expertise in such a way as to provide the basis for either professional employment as a dancer or further training as a dance teacher.

Throughout the study of the syllabus, candidates are following a vocational path, requiring a high level of commitment and with an increasing emphasis on safe dance practice. Successful candidates at this level should show virtuosity in performance, a high standard of technique and a sound knowledge and understanding of the Imperial Classical Ballet genre, including an understanding of reference and context. Candidates undertaking a study of the Imperial Classical Ballet Vocational Graded syllabus should also typically display a sense of self-awareness and be self-motivated in terms of their personal development. As distinct from the General Graded examinations, a greater degree of personal interpretation is encouraged and the candidate is expected to show the potential to communicate effectively with an audience.

Candidates will need to show the qualities of professionalism, commitment and focus, with the ability to manage a greater workload than that required for the General Graded examinations. This would typically result in a successful candidate spending significant additional time each week in lessons, in practising and in studying independently. The Vocational Graded examinations are concerned specifically with the mastery of technique and underpinning understanding, to a level sufficient to prepare candidates for further vocational training and match current expectations in the employment sector.

The Vocational Graded Examinations are regulated qualifications on the Qualifications and Credit Framework. Intermediate Foundation is located at Level 2; Intermediate is located at Level 3; and Advanced 1 and Advanced 2 are located at Level 4.

AIM

The aim of the ISTD Vocational Graded Examinations in Imperial Classical Ballet is to provide an assessment scheme, which gives the basis for the measurement of the individual candidate's progress and development, in preparing to be a professional dance performer or teacher. There are four practical examinations graded to measure appropriate stages of development from a general standard of Imperial Ballet education to that of professional competence and readiness.

OBJECTIVES

The syllabus objectives of the Imperial Classical Ballet Vocational Graded Examinations are to develop candidates':

- Correct alignment and placing of the body to the best of the individual physical facility
- Controlled and appropriate use of limbs, with an understanding of the purpose of each exercise
- Strength and stamina
- Good sense of line and co-ordination of movement
- Highly developed rhythmic and musical awareness
- Artistry and an appreciation of the nuances of style, both in own movement and that of others
- Spatial awareness

- Consideration and respect
- Creativity within a disciplined environment

ENTRY CONDITIONS AND GENERAL INFORMATION

AGE LIMITS

There are recommended lower age limits as below for the Vocational Graded Examinations for Imperial Classical Ballet. This is to ensure that candidates are physically developed sufficiently to safely meet the demands of the syllabus.

Intermediate Foundation	11 years
Intermediate	12 years
Advanced 1	14 years
Advanced 2	14 years

PRIOR LEARNING

Intermediate Foundation is an optional examination; otherwise these examinations must be taken consecutively. Each qualification, other than Intermediate Foundation, must be achieved as an entry requirement to the following examination.

Exemption from the Intermediate and Advanced 1 examinations may be obtained if the candidate is a student who already holds an equivalent genre Intermediate or Advanced 1 certificate of an Ofqual approved dance awarding body. Application for exemption must be made in writing to the UK Examinations department.

GENDER DISTINCTIONS

The syllabus is suitable for both male and female candidates as it is designed to develop all -round strengths and abilities. There are some separate exercises for males and females that are intended to develop the differing physical strengths and capabilities **to the advantage of** the gender, and are not intended to limit opportunities for access. Such variations are designed **within the context industry needs and in particular, health and safety in dance. It is therefore advisable for candidates to follow the relevant syllabi where available.**

Those dancing the male syllabus may not be examined with those dancing the female syllabus.

TIME ALLOWANCES/NUMBER OF CANDIDATES

Advanced 1 and Advanced 2 candidates are only examined at Centres unless the whole day consists of Vocational Graded Examinations. Candidates should be entered in pairs. Where an odd number of candidates is involved, the extra candidate may be entered with a pair **if the studio is large enough**, thereby making a group of three.

Examination	1 candidate	2 candidates	3 candidates
Intermediate Foundation	60 minutes	75 minutes	75 minutes
Intermediate	75 minutes	75 minutes	90 minutes
Advanced 1	75 minutes	90 minutes	105 minutes
Advanced 2	90 minutes	105 minutes	120 minutes

MUSICAL ACCOMPANIMENT

The official sheet music for the Intermediate Foundation, Intermediate and Advanced 1 and 2 must be used for these examinations. The use of cassettes/CDs/other digital audio equipment is not permitted, except for the Set Variations and the Advanced 2 solo.

METHOD OF ASSESSMENT

Vocational Graded Examinations are assessed externally by visiting examiners recruited and trained by the ISTD. Assessment is carried out by means of a practical demonstration of the knowledge, understanding and skills required.

The examination is divided into Sections and each Section is composed of several components, which are separately assessed and aggregated to give the total out of 100.

Candidates will, however, be unsuccessful if:

1. 20% of the marks attainable or below are given for any one component
2. 40% of the marks attainable or below are given for any three components. This reflects the need to ensure competence across a wide range of components.

Results are indicated using the following attainment bands:

Distinction	80-100
Merit	65-79
Pass	50-64
Not Attained	00-49

CLASSIFICATION OF RESULTS

The principle of best fit is applied in deciding the appropriate classification for each candidate. It is not to be expected that a candidate in a particular category will necessarily demonstrate all of the characteristics listed in that category.

A candidate who achieves a '**Distinction**' classification (80-100 marks) is one who demonstrates the following attributes in performance:

- flair, vitality and skill
- fully appropriate style
- incisively-focussed dancing
- precision in the technique of the genre
- consistent, highly developed musicality
- confident and accurate responses to questions asked and/or tasks set

A candidate who achieves a '**Merit**' classification (65-79 marks) is one who demonstrates the following attributes in performance:

- skill and proficiency
- largely appropriate style
- focussed dancing
- competence in the technique of the genre
- evidence of developing musicality
- relevant and appropriate responses to questions asked and/or tasks set

A candidate who achieves a '**Pass**' classification (50-64 marks) is one who demonstrates the following attributes in performance:

- competence
- basic ability to carry out the required movements
- periodic moments of convincing focus
- basic competence in most aspects of the technique of the genre
- basic musicality
- broadly relevant and appropriate response to questions asked and/or tasks set, but some prompting may be required

A candidate who achieves an insufficient level of achievement 'N' classification (00-49 marks) is one who has not yet demonstrated the attributes required to gain at least a 'Pass' classification.

ASSESSMENT GUIDANCE

Candidates are assessed on their ability to show:

- Technical accuracy with correct placement to the best of the physical facility. An appropriate use of limbs showing an understanding of the purpose of each exercise
- A sense of line and well co-ordinated movement with an awareness of the use of space
- An assured performance showing the differing qualities of movement and style required by each section of the exam structure
- An instinctive musicality and a highly developed sense of rhythm

PROFESSIONAL QUALIFICATIONS

UK AND EUROPE

A separate Syllabus Outline is available from ISTD Headquarters for the:

Level 4 Diploma in Dance Education

Level 6 Diploma in Dance Pedagogy

The syllabus for Licentiate and Fellowship is given on the following pages.

OUTSIDE EUROPE

ASSOCIATE

OBJECTIVES

- To educate by providing a progressive awareness of the culture and technique of Classical Ballet
- To develop the teacher's understanding and ability to impart the technique, artistry and musicality of Classical Ballet
- To provide the teachers with a sound understanding of safe dance practice through an increased knowledge of anatomy and physiology
- To provide a structured examination system that can be followed by aspiring and established teachers to develop and enhance their teaching skills
- To stimulate teachers to increase and broaden their expertise
- To stimulate teachers to inspire children and students to appreciate Classical Ballet either as performers or as an observer

AIMS

The syllabus aims are to enable the candidate to demonstrate knowledge of:

- Analysis and understanding of movement
- Methods of teaching

- Adaptation to differing physiques
- Adaptation to different gender
- Observation and correction of technical faults
- Development of rhythm and musicality in the students
- Development of artistry in the students
- Class construction and balance
- Construction of enchaînements
- Confident musical instructions and guidance

ENTRY CONDITIONS AND GENERAL INFORMATION

In the Associate the candidate demonstrates their theoretical approach to teaching. The examination is conducted by one examiner, in the order of a class, commencing with the Barre work and then progressing through the Centre Practice, Port de Bras, Adage, Pirouettes, Allegro, Petite Batterie and Pointe work. The set variations are usually shown at the end of the examination. The variations which the candidate has prepared will be shown in the relevant section. In each section the candidate will be asked about their knowledge and understanding of the development of movements. Set exercises and movements will be demonstrated and analysed, methods of teaching discussed and enchaînements arranged. If not specified these enchaînements are 'typical' examination arrangements, however the examiner might request an arrangement for a certain circumstance, for instance a training exercise to develop a particular aspect of the work. The candidate is expected to be able to communicate with the pianist the tempo, dynamics and quality of the music that is required. Normally if the candidate counts clearly, using vocal highlights and the correct tempo, this will produce the desired result. The examiner may question the candidate about the music chosen and other relevant questions, however the candidate's instructions to the pianist should respect the musician's expertise.

AGE LIMITS

Candidates must have reached the age of 18 years*

This is to ensure that they are able to be responsible for children.

** In special circumstances the examination may be entered under this age if approved by the Chairman of the Imperial Classical Ballet Faculty, after written application to Customer Services and Quality Assurance at HQ by the principal of the school entering the candidate.*

PRIOR LEARNING

Candidates must have passed the Intermediate examination in Imperial Classical Ballet or another accredited awarding body

TIME ALLOWANCE

Duration of examination: 90 minutes

DRESS

Female	Teaching dress, leotard and skirt or teaching trousers, tights and suitable teaching shoes
Male	Leotard or T-shirt with tights or trousers and shoes suitable for teaching

SYLLABUS CONTENT

Candidates will be examined on their knowledge of the following:

a) **Girls** Girls' and boys' grade syllabi – Primary to Grade 4 inclusive, (no boys' set enchainment in Grade 3 or 4) and girls' work only for Grades 5, 6 and Intermediate (own choice of Grade 6 set enchaînement)

b) **Boys** Boys' and girls' grade syllabi – Primary to Grade 4 inclusive and a choice of either boys' or girls' work for Grades 5, 6 and Intermediate

Candidates will be asked, from the teaching aspect, to demonstrate any of the following:

- a) the development of the technique through the Grades to Intermediate
- b) the understanding of correct stance and the correction of common faults
- c) the approach to the teaching of pointe work
- d) the approach to the teaching of boys
- e) the ability to count rhythmically, in the correct time signature and tempo, any of the syllabus set work, conveying the relevant quality
- f) the ability to communicate with the pianist using basic musical terminology and the use of phrasing to enhance movement
- g) the arrangement of free enchaînements to any standard to any given time signature
- h) one set dance from either Primary, Grade 1 or 2
- i) one of the set variations for boys from either Grade 3 or 4
- j) one of the set variations for girls from either Grade 5 or 6
- k) three variations that have been arranged by the candidate. There should be one variation suitable for each of the following: Grades 2, 4 and 6. These pre-arranged variations may be for either girls or boys. The music chosen for these variations should use a range of rhythms and differing qualities of music. It is permissible, but not essential to vary the quality within one variation. The length does depend on the tempo of the music, but as a rough guide the Grade 2 variation should be 30-45 seconds, Grade 4 for 40-60 seconds and Grade 6 for 60-75 seconds. Sheet music, which must be clearly marked, or recorded piano music, may be used. In each case the suitability of the arrangement, content of steps and the interpretive quality of the movement and musicality will be taken into consideration.

Voice, manner and the general approach of the candidate will be assessed throughout.

ASSESSMENT

Candidates are examined individually by one examiner recruited and trained by the ISTD. Assessment is carried out by means of a practical demonstration of the knowledge, understanding and skills required.

REASONABLE ADJUSTMENTS

The ISTD policy and procedure for all reasonable adjustments for all qualifications is contained within the Equal Opportunities policy on the ISTD website. The Vocational Graded Examinations and Professional Qualifications are designed for those who are intending to pursue a career in dance, either as a performer or as a teacher. It is, therefore, very unlikely that a potential performer will require reasonable adjustments. However, a potential teacher must be able to demonstrate all movements precisely, in order to teach them effectively. As the 'Intermediate' examination is also now included as a unit within the Diploma in Dance Instruction, it is likely some candidates will apply for adjustments. This is because they are:

- Those candidates who are possibly already teaching and who do not have the stamina or muscular strength that is normally required at this level, and it would be deemed to be unsafe to require them to perform using the same degree of strength and stamina as a younger dancer.
- Candidates who do not have sufficient physical facility to perform the movements at speed to the required standard, but who can nevertheless demonstrate them at a slower pace.
- Candidates who, through their physical make up, would be causing injury to themselves, eg very stiff feet.

The same criteria apply to candidates at higher levels. Such candidates must apply to the Customer Services and Quality Assurance Department, using the Application for Reasonable Adjustments form, at least three weeks prior to the examination entry, giving detailed reasons for the request. This will be processed giving the Faculty opportunity to refuse special conditions, recommend additional examination time, or give further detailed guidance. In principle, the examination must not be weighted to give an advantage to either the candidate with reasonable adjustments or the able bodied candidate. The demands on both must be equal. Reasonable adjustments will be generally granted for certain specific sections of the examination, and candidates should indicate which of the sections might be affected. Candidates should attempt all movements and throughout, must dance to the best of their own physical ability. In the interests of safety and to facilitate accuracy of movement, some candidates may indicate their own tempo and may take extra pauses for breath as necessary. If required, questions may be asked, and these will be phrased in such a way as to clarify the knowledge of the mechanics of the movement. Questioning is not permitted for every section of the examination and would normally be used in a maximum of two performance sections.

The ISTD reserves the right to refuse entry to a particular candidate because of a reasonable belief that undertaking the examination will create a risk to the health or safety of the candidate. This includes any pregnant candidate taking a practical examination. The examiner also has the right to stop an examination if s/he considers that there is a risk to the health or safety of the candidate if they continue. Pregnant candidates are requested to complete the Application for Reasonable Adjustments form so that the examiner can be made aware of their condition, regardless of any adjustment being requested, as the examiner needs to be informed, and additional time for breaks may also be applied for.

RESULTS AND CERTIFICATION

All ISTD examinations are single performance at one moment in time, with a detailed marking system awarded according to the assessment criteria and attainment descriptors given for each examination.

Examiners return the results and report sheets as soon as possible after the examination. The report sheets for each candidate are individually checked within the Quality Assurance department for administrative accuracy. Under normal circumstances the report sheets for UK examinations will be issued to the teacher within 21 working days of the examination. Any errors found are corrected by the examiner prior to further processing of the whole examination session, and may therefore extend these timings, although the department will make every effort to process these as rapidly as possible.

All results are entered by Sections, and checked for achieving the minimum pass levels, per Section and in total, and correct levels of attainment against the total mark achieved.

Results are then cleared for certificate issue, which is undertaken by the Customer Services and Quality Assurance department, and should be within 6 to 8 weeks of the examination. Copies of all report sheets and results are held on archive for reference as necessary.

RE-TAKES

Candidates who are not successful may not re-take the examination until 3 months after the original examination.
