Join us in August 2024 as we return to the University of Chichester for our Residential Summer Programme.

As a long established ISTD event, we are excited to be able to re-introduce our residential summer programme this year.

Delegates will have the opportunity to join courses led by our expert teaching teams, connect with other members from around the world, network with lecturers and examiners outside the studio and

participate in additional morning and evening activities – all with meals and accommodation provided.

This event is ideal for all teachers, from the most experienced through to those still in training. Attending CPD courses is the best way to update your teaching practice and refresh yourself for the autumn term.
